

Electronic Claims Submission

Medical Associates Health Plans and Health Choices currently accept EDI transactions directly or from a clearinghouse.

The payer ID's are as follows:

Change Healthcare:	MAHC1 for Professional, Institutional and Dental
RelayHealth:	2772 for Professional
	1928 for Institutional

Medical Associates Health Plans also receives Medicare Cross-Over claims directly from CMS for Institutional and Part A services. The remittance your office receives from Medicare will indicate the claim was forwarded to Medical Associates for Secondary Payment- please check this before filing a claim secondary to Medicare directly from your office.

MAHP also has relationships with other vendors and clearinghouses as well. Please contact your practice management vendor to determine how electronic transactions are handled within their software and then contact our EDI Department at mahpedi@mahealthcare.com to start the process to trade electronic data.
